1. Introduction

Who Am I: I am Mina Warren, a rising French singer-songwriter from the French Riviera. Combining pop punk and alternative rock with a unique energy, I have been captivating audiences since the beginning of my solo career in 2022. My music stands out with its raw energy and heartfelt emotions, delivering powerful and personal tracks that resonate deeply with listeners.

2. Biography

Background: Before embarking on my solo journey, I was the frontwoman and co-founder of the band *DECODE*. As the band's leader, I explored various musical landscapes and left a mark with memorable creations. One of our standout music videos, "[ESCAPE FROM PRISON](#)," was filmed in a real French prison, offering an authentic and powerful atmosphere that enhanced the visual and emotional impact of our music.

Solo Career: Since November 2022, I have launched a solo career with the release of my debut single "**Captain of My Heart**." I followed this with "**No Reason**" in October 2023, filmed in the largest escape game in the Alpes-Maritimes. My latest single, "**Newborn of War**," released on March 21, 2024, achieved remarkable success, gaining 100,000 subscribers on YouTube in four months and over 500,000 views. Signed to Sliptrick Records, I continue to stand out as a solo artist with promising upcoming projects.
